

Bronswerk Group and Oomiak announce Joint Venture

December 8, 2020

Montreal, QC, Canada – Bronswerk Group and Oomiak are pleased to announce that they have concluded an agreement to work together in establishing a joint venture dedicated to the marine market, providing HVAC-R solutions and equipment. Established in 2018, Bronswerk Australia Pty Ltd. will be operating under a new name and will be known as Oomiak Marine Pty Ltd. Along with this change, a newly redesigned company logo has been revealed and new website is planned to launch in late December 2020. Bronswerk will remain the majority shareholder and be involved in supporting the development of the local company as it did for its other subsidiaries.

As a global leading provider in the Naval market, Bronswerk has been establishing a significant local supply chain and sovereign capability over the years, leading each time to the establishment of a permanent local company with manufacturing and engineering capabilities. “Following the launch of our operations, we realized that we needed a strong presence, but mainly a team, that can provide and support our clients the best way and partnering with a local leader established across Australia was the way to go. Oomiak shares with Bronswerk a number of values, from being solution driven, committed and customer-centric, both organization value innovation, and the right understanding to support the marine market.” Said Francis Fontaine, Bronswerk Group CEO

Through this strategic alliance, Bronswerk Group and Oomiak will drive significant expansion of expertise in full turn-key integrated solutions for the ship building industry in Australia and South East Asia. Oomiak Marine will be able to support its clients from new design, new built projects, installation, and commissioning, refits an upgrades and in-service support. Oomiak Marine will carry work and warranty for Bronswerk Group and its holding for all previously delivered vessels in Australia and its surrounding.

Oomiak Chief Executive, Cate McGuire said: “combining Oomiak’s Australia wide infrastructure, depth of engineering and technical talent with Bronswerk’s global marine expertise was a strategic step forward for both businesses ensuring that we are ready and capable to support the needs of the growing defence sector in Australia.”

Oomiak Marine will ensure that world-class marine technologies and experience have a strong foundation to serve important defence industries in Australia and Asia.

About Bronswerk Group

Bronswerk Group, headquartered in Brossard, Canada, is a premier global provider of complete marine HVAC-R solutions in the Naval and Marine market.
